No.083 (January 15, 2014)

## New Year's Greetings

Thank you for your patronage and support this past year.

We look forward to your continued patronage in the years to come.

**The New Year is a time to make a fresh start.**

The Narishige Group commemorated its 60th anniversary last year and it was also the 2nd anniversary of the passing of Eiichi Narishige, the founder of the Narishige Group.

In late October 2013, our 60-year celebration party was held in a friendly atmosphere where good old memories of Mr. Narishige were shared by the guests and many interesting episodes told about the products he had developed for the researchers back in those times.

We appealed to the guests by introducing our “70-something trio” who are still working vigorously and supporting our “young-director trio” who are striving toward a goal to become a company to last 100 years. By passing our basic philosophy of “Be a machine shop of the world” to the younger generation, we will ensure that the Narishige products can continue to give satisfactory use to the researchers for many years to come.

Your continued support and patronage will be greatly appreciated.

Mitsuko Narishige  
Narishige Group, CEO
